Dear Belinda

Thank you very much indeed for a wonderful afternoon of interview confidence building training.

The feedback from boys and girls was excellent and they all felt it was an hour well spent.

If it makes the difference to just one pupil it is all worth it, but I am sure they will have all benefitted.

I would like to book in for the same time next year with University candidates and I have also passed your details onto colleagues for sessions with other groups.

Thanks again.

Yours sincerely

Will Hughes
